11. Port Brief Information

- **Wi-Fi**
 - Available almost everywhere in Korea (even liberty buses, city buses, and metro).
 - The base you pull into is not a U.S. Base, it is a ROK Base and has strict security protocol. No Wi-Fi is available on base and please do not FaceTime or take photos of the pier layout or the base. Security will come and take your phone.
- **Taxi**
 - Taxi's are very cheap in Korea.
 - 99% of taxi's take credit card.
 - Uber doesn't exist in Korea. Download "Kakao T" to call taxi's and pay the driver when you arrive at destination.
 - Taxi's are not allowed on base and we HIGHLY recommend not calling a taxi from the front gate due to exposure to protesters. Please take the liberty buses in and out the front gate.
- **Navigation**
 - Google Maps doesn't exist in Korea. Download "Naver Maps" for directions to anywhere you want to go.
- **ATM on Base**
 - There is one Community Bank ATM located on the ROK Base. It is inside of a small blue glass building located at the CNFK HQ building (grey castle).
 - No currency exchange.
 - Only pull out KRW or USD.

 - Smoking is prohibited while walking on base.
 - You must stop and smoke or find a designated smoking area.
